PROFESSIONAL SUMMARY

Dedicated, client-focused **Frontend Developer** and **CMS Specialist** with 1+ year of professional experience delivering **45+ successful web projects** for global clients across the US, UK, and Europe. Proficient in crafting lightning-fast, pixel-perfect user interfaces with **React.js** and **Tailwind CSS**, alongside building end-to-end commercial solutions with custom code on **Wix** and **Squarespace**. Proven capability in translating Figma designs into responsive code, optimizing SEO and web performance, and maintaining long-term client satisfaction.

WORK EXPERIENCE

Frontend & CMS Web Developer • Freelance / International Clients

2024 – Present

- Designed, developed, and launched **45+ production-grade websites** on Wix, Squarespace, and React for healthcare, e-commerce, fitness, and architecture industries.
- Injected custom JavaScript, Velo code, and Tailwind styling into CMS platforms to achieve bespoke UI interactions beyond standard template limitations.
- Optimized page performance and Core Web Vitals, achieving up to **40% faster loading speeds** and superior mobile responsiveness.
- Conducted complete technical SEO setup (meta tags, schema markup, image compression, sitemaps) driving measurable organic search growth for clients.
- Maintained seamless client communication across WhatsApp and email, ensuring 100% on-time milestone delivery and 5-star feedback.
